

6 Place the net over the frame. The NWS label indicates the top of the net, ensure this is at the top of the crossbar. Align the side seams with the back bars so that the net sits comfortably over the goal.

7 Starting with the top corners, fit the net by wrapping it around the posts and clipping to the inside using the bungee ties provided. Attach Bungees equally along the length of the net.

8 Anchor the goal using the provided U-pegs ensuring posts are upright and the crossbar is level. The U-pegs fit around the base and push into the ground to keep the goal steady.
